Engineering Repository, University of Zagreb](#)

The purpose of the project:

To improve the system of quality assurance in higher education in mining engineering, geology and chemical technology through enabling recognition of qualifications in Croatian and European labour market and the comparability of qualifications obtained in various higher education institutions within Croatia and throughout the EU.

BENEFICIARY:

Faculty of Mining, Geology and Petroleum Engineering (RGNF)
Pierottijeva 6, HR-10000 ZAGREB
Phone NO: 00 385 1 / 5556 249

European Union.**

Planned Project Results:

- 8 occupational standards.
- 15 complete qualification standards.
- Improving 15 study programmes.
- Detailed plans for 9 pilot modules for student practice.
- Improving teaching competences through:
 - Education on defining learning outcomes and their coordination with teaching activities and evaluation
 - Education on methods of active learning and of critical thinking
 - Initial training of teaching assistants for the acquisition of basic competences.
- Improving academic and social skills and effective time management skills of 300 students. Improving teacher competences.
- Raising the level of e-learning technology in 20 courses.

The added value:

- 2 computer classroom have been equipped.
- The web page of the project has been made <http://www.rgn.hr/hr/studiji/projekt-target>

TARGET

Standardi zanimanja
i kvalifikacija

Establishing standards for higher education qualifications in the fields of mining engineering, geology and chemical technology

The project is co-financed by the European Union from the European Social Fund.

TO IMPROVE

the existing higher education study programmes of RGNF and FKIT in accordance with the developed qualification standards.

TO ESTABLISH

higher education standards for complete qualifications in mining engineering, geology and chemical technology based on the needs of the labour market, individuals and society.

TO IMPROVE

teaching competences and raise the quality of teaching at RGNF and FKIT.

PROJECT VALUE: **2.661.427,71 KN**

CO-FINANCED BY THE EUROPEAN UNION: **2.528.356,32 KN**

The project is co-financed by the European Union from the European Social Fund.
